

THE FACES OF HOMEOWNERSHIP

Our Affiliate is extremely proud that in 2019 we had 2 families move into their new homes, 1 family move into a new home built for them after theirs was destroyed in Irma, and 4 families whose new homes are nearing completion which will make the beginning of 2020 very special! We are blessed with continued support from individuals, groups, businesses, and Habitat International. Always lofty in our goals, we look forward to creating 8 more homeowners in 2020 and continuing our Hurricane Irma home repair program. Thank you for helping us say “Welcome Home” and “Welcome Back Home” to so many deserving families in the Middle Keys in 2019. Now for the details from this wonderful year...
